BISAC: Juvenile Fiction / Short Stories

This superbly illustrated children's adventure book is based upon the important distinction between wanting and welcoming a child. Experience shows that the story is intriguing to many children of many ages. Children get the point. . They may ask their parents, "Did you want me?" To which parents might answer honestly, "Actually no. We were very poor at the time. But we welcomed you and are very glad we did. And we will keep welcoming you, just as you are." Welcoming a person is better than wanting that person.

These 5 volumes of Love, Life and Freedom are written to inform & challenge all those who desire truth. All volumes make up an anthology of essays, sermons, scientific articles, confronting comments, warnings, urgings and some songs. They are written over time, reflecting one man's persistent pursuit of truth. By God's grace he found quite a bit of truth & insists they would be of no value unless it was freely shared with everybody and anybody. Thus, though there are convoluted arguments and complex scientific studies, the author is writing for all those whose desire to know everything outweighs all other passions...
